### SOUTH MALE ATOLL

Your week of yachting bliss starts in the heart of the Maldives, Male – the capital. What makes Male most unique is its ring of seawalls that protect the island. You'll be sure to see it firsthand and so much more as you cruise around the more than 30 islands that make up the South Male Atoll.

### VAAVU ATOLL

From a world-renowned diving spot to seemingly endless white sand beaches, there's tons of excitement for you to take in as you cruise to Vaavu Atoll. If diving is on your bucket list, then a stop at Kandooma Thila is just what you're looking for. With its deep reef full of vibrant schools of fish, eagle rays, whitetip sharks, green turtles and grey reef sharks, this once-in-a-lifetime diving spot is considered one of the most beautiful in the world. If you'd prefer to spend your time on land, opt for some beachside fun. Enjoy a nightcap at the beachside bar, and top off your day with a night dive with the local sharks.

### ARI ATOLL

As if one beautiful dive site wasn't enough, Ari Atoll boasts 37. Discover the unique marine life of the area, including stone and scorpionfish, as well as white tip reef sharks, grey reef sharks, tuna, eagle rays and manta rays. Finish your day with a stunning sunset beach dinner on Bikini Beach. Don't forget to grab a souvenir or two at one of the island's charming shops.

## SOUTH ARI

Whether you opt to explore a neighboring local island or scuba dive with whale sharks, any adventure in South Ari is a good one. Have your crew take out the watersport gear and try it out for yourself. Or relax on one of the many pristine beaches, where you can have your own private beach BBQ.

## KANUHURAA

Get ready for a day full of watersport fun at Kanuhuraa. Kanuhuraa is the perfect spot to paddle board, kayak or even learn to surf. If you're not tired of scuba diving yet, your crew can arrange for you to be guided around the Machafushi Wreck or Kudarah Thila sites for the ultimate diving experience.

## MOOFUSHI

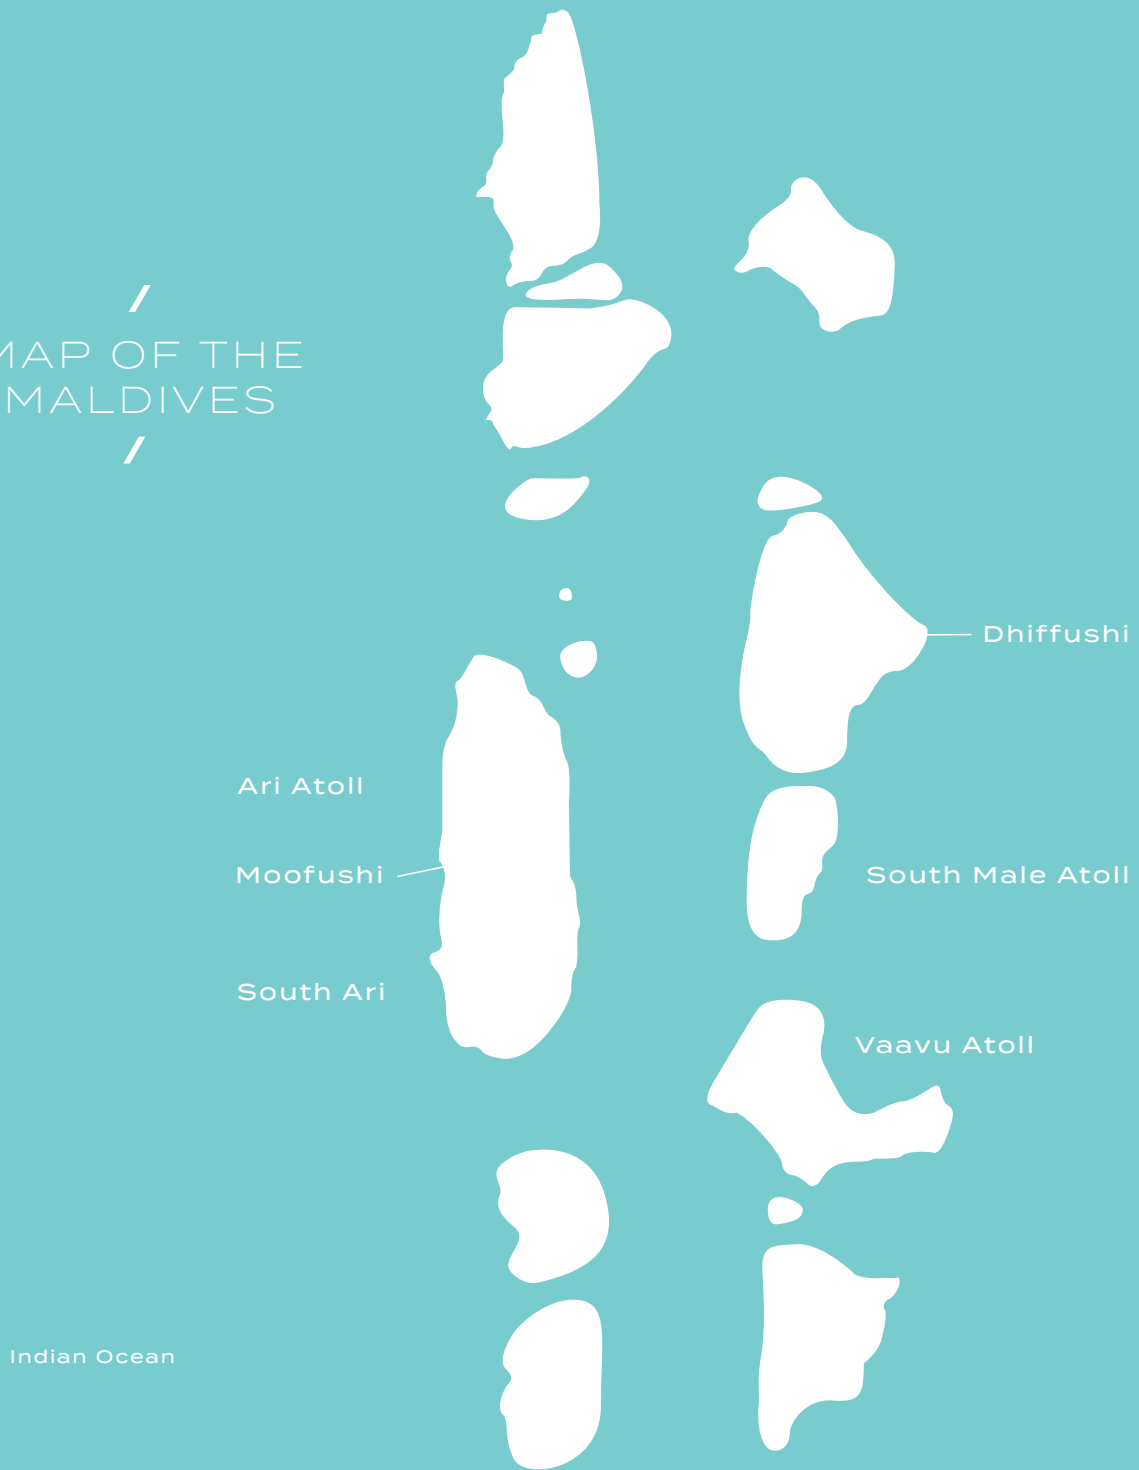

From snorkeling with manta rays to taking out the yacht's tender and toys to playing beach games, there's no shortage of adventure while cruising around Moofushi.

## DHIFFUSHI

As the easternmost inhabited island, Diffushi offers those who wake up early enough the first glimpse of the Maldivian sunrise. Snorkel through the island's surrounding sandbanks, or hop on land, shop around and get to know the locals as you enjoy fresh local produce and peruse the island's quaint shopping center.
